COURSE OVERVIEW:

The NEBOSH accredited International Diploma is demanded more and more by organizations worldwide as the qualification for aspiring health and safety professionals. The E-Learning or Distance Learning options are ideal if you need a flexible study method to achieve this qualification and set you apart as a competent professional.

Course includes three (half-day) exams (Unit A, B & C), and an 8,000 word assignment for Unit DNI.

WHO SHOULD ATTEND THIS COURSE?

The NEBOSH International Diploma is for health, safety and environmental professionals who want to develop their career to the highest level in health and safety. It will provide you with specialist knowledge and understanding, combined with the application of the expertise required to undertake a career as a health and safety practitioner. *(It is strongly recommended that you have completed the NEBOSH IGC before embarking on the NEBOSH International Diploma).*

The course in general was very helpful and the material, especially the PDF course notes, exam questions and answers and multimedia materials are all very informative, to the point and covers everything. The webinars were also excellent and well organized.

Ahmed, NEBOSH International Diploma, Qatar

WHY SHOULD YOU ATTEND THIS COURSE?

This Internationally recognized qualification will position you as a practitioner and expert in the field with the academic credentials to be a competent professional. You will become invaluable to employers with the practical skill set and knowledge to introduce significant cost efficiencies through effective management and promote a safer working environment.
