COURSE OVERVIEW:

The IOSH Managing Safely course is a fully accredited course and recognized as the same standard as classroom training. The IOSH Managing Safely course will provide you with the practical knowledge and skills to effectively manage health and safety within your organization, ensuring compliance with HSE legislation and a safe working environment for employees and stakeholders. It will demonstrate a commitment to good health and safety practice which is important for the reputation of organizations.

WHO SHOULD ATTEND THIS COURSE?

The IOSH Managing Safely course is an internationally recognized certification. It will enhance your career within health and safety and put you in good standing for further professional study.

This course is comprehensively clear and enriched in health and safety knowledge. I would recommend it for any organization or company willing to train its staff and employees in health and safety.

Milton, Sudan

WHY SHOULD YOU ATTEND THIS COURSE?

The level of course engagement enables you to fully understand basic health and safety concepts and apply them in your role. You can be rest assured that the online learning materials and multimedia, developed by the Astutis in-house team, are always up to date with the syllabus and contain diverse learning media to suit everyone.
